# INDIGENOUS CERTIFICATION BOARD OF CANADA

## APPLICATION PACKAGE FOR THE CERTIFICATION OF INUIT COMMUNITY SUPPORT MANAGERS

- Level I and II -

## **Contents of the Application Package** for the Certification of Inuit Community Support Manager at Level I and II **FORMS PAGE** Instructions for completing this application package 3 Check List Personal Information Form 5 **Assurances Form** 6 **Employment History Form Employment Verification Form** 8 Educational Qualifications Form (Photocopy the form if you have completed programs from more than three (3) Colleges/Universities) 10 Instructions for completing the Declaration Form on Alternative Learning/Training Alternative Learning/Training Declaration Form 11 12 Instructions for completing the form entitled Training Provided by External Providers 13 Training Provided by External Providers Form 14 - 24 Supervisor's Evaluation Form (Pages 14 to 24) 25 Supervisor's Reference 26 Employers' Declaration - Applicants' Criminal Record Checks 27 Letter of Reference - Personal (Using the form provided, obtain and submit one personal reference from an individual who has known you personally for at least three years (but who is not a relative). 28 Letter of Reference - Professional (Using the form provided, obtain and submit one professional reference from an individual who has known you professionally for at least one year (but who is not a relative). 29 Consent Form (Release of Information) 30 - 31 Wellness Plan to complete and sign (keep a copy for yourself) 32 ICBOC's Code of Ethics to date and sign (can be the Code of Ethics applicable in your place of work - see page 32) 33 Where to submit your application

To complete your application, you will also have to provide other documents. A complete checklist of all the forms and documents you need to send is included on page 4.

## **Instructions for Completing this Application Package**

Congratulations on taking this step to becoming a **Certified Inuit Community Support Manager (CICSM)**ICBOC offers two levels for this certification: **CICSM at level I** and **CICSM at level II**. This certification also applies to community support coordinators, and to those who hold a coordinating or managing position in community development.

The difference between the two certification levels is in their required length of work experience and their education qualifications and training requirements. We therefore encourage you to visit our website (www.icboc.ca) and examine the following documents:

- Summary of Standards and Requirements for Certified Inuit Community Support Managers at Level I
- Summary of Standards and Requirements for Certified Inuit Community Support Managers at Level II

Certification levels are determined by ICBOC's Registrar, based on the information and documents submitted by each applicant in the context of their application.

This application package contains all the forms you will need to submit for the review of your application. **There is a check list on page 4 to help you**. All the material must arrive in our office in one envelope, including payment of the applicable fees.

Now that you have downloaded this package, you are responsible for:

- 1. Completing your sections and gathering all the required supporting documents.
- 2. Ensuring that your supervisor, employer, and referees complete their parts.
- 3. Sending everything, including the application fee that fits your situation\* to the ICBOC office.

\*For more information on applicable fees, please consult ICBOC's website at <a href="http://icboc.ca/certification/list-of-certifications/list-of-fees/">http://icboc.ca/certification/list-of-certifications/list-of-fees/</a>

#### PLEASE KEEP A PHOTOCOPY OF THE COMPLETED APPLICATION PACKAGE FOR YOUR OWN FILES.

To examine the standards and requirements for this certification, please download the **Summary of Certification Standards and Requirements for Certified Inuit Community Support Workers – Level II** from our website at www.icboc.ca or request an electronic copy from admin@icboc.ca or registrar@icboc.ca

If your supervisor and your referees wish to keep their references confidential (including the supervisor's evaluation), please provide them with an envelope (none are included in our application package) with the following information printed on the front.

**Example:** The information on the outside of the envelope should bear the following information:

Letter of Reference for ...... (applicant's first and last name)

Your application materials will first be received, logged, dated, and filed by our Administrative Coordinator. Your application file will be passed on to our Registrar for review **only when the complete package, including** the cheque or money order (payable to the Indigenous Certification Board of Canada or ICBOC). Be sure to include your return address\* on the outside of the envelope containing your application package.

**IMPORTANT\*:** You might change address during the two years leading to your certification renewal, and we won't be able to contact you at the old address. **Please do not forget to inform us of any change of address.** 

If you have any questions regarding the application package, educational requirements, or about ICBOC please call us at: 450-983-8444 or by email at <a href="mailto:admin@icboc.ca">admin@icboc.ca</a> or <a href="mailto:registrar@icboc.ca">registrar@icboc.ca</a>

We look forward to receiving your application package and to assisting you in any way that we can.

The Board and Staff of ICBOC

## **Check List**

You are responsible for submitting **ALL** the following forms to the Registrar at the address noted on page 33. **Please visit our website for other information and documents related to this certification** (<a href="www.icboc.ca">www.icboc.ca</a>). Place a check mark or cross in the left column to self checked the list and ensure you have submitted the documents in your envelope.

Personal information form
Assurances form
Employment history form
Employment verification form
Educational qualifications form
Alternative learning/training declaration form
Training provided by external providers form
Copy of your graduation certificates or diplomas from educational institutions
Copy of your formal and/or informal transcripts from educational institutions
Copy of course descriptions completed in an in educational institution program
Copy of your graduation certificates from all other training providers
Copy of your declarations/affidavits (if applicable)
Copy of the certificates documenting any other trainings you have completed.  (in-house training, external training in the form of workshops, webinars, short courses, conferences, online training)  Practicum/internship report (if applicable)
Current comprehensive job description
Supervisor's evaluation form
Supervisor's reference
Letter of reference #1 - personal reference
Letter of Reference #2 - professional reference
Employers' Declaration - applicants' criminal record checks
Consent form (release of information)
Completed and signed personal wellness plan
Dated and signed code of ethics
Payment of the Certification Fee*, in the form of a Cheque or Money Order, payable to the <b>Indigenous</b> Certification Board of Canada or ICBOC

<sup>\*</sup> For more information on applicable fees, please consult ICBOC's website at <a href="http://icboc.ca/certification/list-of-certifications/list-of-fees/">http://icboc.ca/certification/list-of-certifications/list-of-fees/</a>

All the required forms that make up the application package must be received in our office as **one complete package**, in order for us to process your application. The address to submit your application is provided on page 33. For your own records, keep the originals of your certificates, as well as a copy of the other documents in your application.

If you require more information or assistance, please contact the ICBOC office at 450-983-8444 or by email at <a href="mailto:registrar@icboc.ca">registrar@icboc.ca</a> or <a href="mailto:admin@icboc.ca">admin@icboc.ca</a>

## Personal Information

**Very important:** Please ensure that your address and other contact information can be clearly read to avoid errors when we wish to contact you by mail, email or phone. An email address makes communication easier.

#### **Assurances Form**

I certify that I voluntarily make this application, and freely submit myself to the evaluation of the Indigenous Certification Board of Canada. I will accept the decision of the ICBOC and do accept full responsibility for all consequences of the process of seeking certification.

As an Inuit Community Support Worker enrolled with ICBOC, I agree to abide by and uphold the policies, procedures, code of ethics and decisions of the Board and its officers. This "Code of Ethics" defines responsibilities to oneself and to others. I understand that I can, if I prefer, provide the Code of Ethics¹ applicable in my current place of work.

I certify that I have maintained a healthy lifestyle for a minimum period of three (3) years immediately prior to making this application, and that I am striving to act as a model for my peers, clients, and the communities I serve.

To the best of my knowledge, the information contained herein is true and correct.

I authorize members or representatives of the ICBOC to contact and obtain information from any person-reference, from my supervisors, employers or from educational institution(s), as deemed necessary in the processing of this application.

I waive my right to inspect the results of any such inquiries and my right to inspect any letters of endorsement or personal reference and/or to inspect the record of deliberations of the Board in considering this application.

## Declaration Regarding an Applicant's Alternative Learning/Training

These are the instructions for completing the declaration form on page 11

## What is alternative learning/training?

As a culture-based certifying body providing professional certification to the Inuit unregulated workforce, ICBOC recognizes that, for various reasons, it is sometimes difficult for workers to attend training outside the community. We believe that knowledge and skills can also be acquired through alternative means. ICBOC considers three distinct situations where this kind of alternative learning/training can be acquired and recognized:

#### Which situations are recognized as alternative learning/training?

**Situation 1.** Participation in cultural/traditional activities in the context of your healing work with clients. By attending and/or participating in these activities with your clients, during work hours, you are acquiring skills and knowledge about how and why these activities can impact the recovery and wellbeing of your client.

Situation 2. Cultural teachings or advice you received from an Elder, at your place of employment, and during the course of your work schedule. This might relate to issues pertaining to your own ability to engage with your clients, for which you are seeking guidance with the view to improve your interventions and relationship.

**Situation 3.** Training you have developed and delivered yourself in-house to your colleagues, your clients or to people in your community. By sharing your knowledge with others, you are also gaining valuable skills and knowledge yourself. Among the skills you will acquire are presentation skills, interpersonal skills, communication, analytical, time management skills etc....

Communicating your knowledge is not a one-way process. Your audience is always made up of people who can also contribute their own ideas, views, learnings, values etc.... This will impact and enhance your own knowledge. We encourage employers and supervisors to foster the sharing of the knowledge that already exists among their staff. Creating a community/circle of learning in a workplace enhances individual and collective learning. **Specific documents are required to justify the hours gained from situation 3.** 

#### **IMPORTANT**

- Please carefully read, use, and complete the form below and/or any copies so that they are submitted exactly as instructed, or it/they will not be accepted.
- Please complete **one copy of the form on page 11** below **for each situation** (if you need more space, you can make photocopies of each form).
- Do not list learnings/trainings acquired in multiple situations on one single form.
- Do not use this form to list training provided by external trainers/facilitators. To confirm whether you attended trainings provided by external facilitators, please read the instructions on page 12 then use and complete the form on page 13.
- Please note that the maximum number of hours accepted as part of the Declaration of alternative learning/training for ALL submitted forms must not exceed 26 hours.
- Ensure that each copy of the forms submitted is completed as required by a person qualified to sign it (Elder, employer, executive director, supervisor, training coordinator, human resources manager, or any other person responsible for staff training and who can be contacted).
- If it is not possible for an Elder to complete and sign a form for situation 2, it can be completed by one of the other qualified persons. However, the name and contact information of the elder MUST be provided on the form or it will not be accepted.

## Declaration Regarding an Applicant's Alternative Learning/Training

(This form IS NOT for documenting class training provided by external facilitators. To do that, please use the form on page 13)

As a culture-based certifying body providing professional certification to the unregulated Inuit workforce, ICBOC recognizes that, for various reasons, it is sometimes difficult for workers to attend training outside the community. We believe that knowledge and skills can also be acquired through other means. We strongly encourage employers and supervisors to encourage the sharing of the knowledge that already exists in the place of work. Creating a community/circle of learning in a workplace is a great way to enhance individual and collective knowledge.

#### **REMINDERS:**

- Please read, use, and complete this form carefully, as instructed on page 10. Failure to do so will annul the forms.
- Do not use this form for any training provided by external trainers/facilitators. If you attended in-house training or other trainings in other formats provided by external facilitators, please use and complete the form on page 13.
- You are responsible for requesting and obtaining certificates from external trainers/facilitators, and for submitting them with your application.
- Situation 1. Participation in cultural/traditional activities in the context of your healing work with clients.
- Situation 2. Cultural teachings or advice you received from an Elder, at your place of employment, and during the course of your work schedule.
- **Situation 3.** Training you have yourself delivered in-house to your colleagues, your clients, or the public. To claim these training hours, you need to submit a copy of the training session description, including the title, learning objectives, details of the content and agenda. The declaration should be completed by a qualified person.

## **Training Provided by External Providers**

These are the instructions for completing the form on page 13

The form page 13 is intended to document training that you have completed, that was delivered by external providers and for which you are submitting a proof.

#### Who are considered as external providers?

- Trainers/facilitators or instructors who are invited to your place of work or to your community to deliver training. Many of these trainers/facilitators are independent trainers registered with and approved by ICBOC.
- Facilitators, presenters, or instructors who deliver training outside of your place of work or community. (See external training below)

## Types of trainings delivered by external providers.

- Community-based or workplace-based training
  - Training delivered at your place of work or in your community.

    Please use the form page 13 to list these trainings and submit the required proofs of completion.

## • External training

The following are considered external training, delivered by external providers:

- Formal courses or programs delivered by universities and/or colleges or other educational institutions (online or classroom-based)
- Informal training in the form of workshops, stand-alone courses, seminars, webinars, including those delivered by independent trainers or in the context of conferences (online or classroom based) Please use the form page 13 to list these trainings and submit the required proofs of completion.

## What are the proofs of training accepted by ICBOC?

- 1. Certificates: You are responsible for obtaining certificates of attendance/completion from external training providers. Certificates must be submitted for every completed training and must bear the following information: the name or logo of the training provider, your full name, the date (s) of the training, the training title(s) and number of training hours, and the signature of the training provider or facilitator. Certificates that do not indicate these information items are not accepted. When only the date(s) of training is/are indicated on the certificates, ICBOC grants 6.5 hours for each day of training.
- 2. Declarations or affidavits: If under special circumstances, you do not have access to or cannot acquire a certificate, ICBOC will accept a declaration on your employer's letterhead, from a person qualified to vouch for the training you have completed. This includes your employer/executive director, your supervisor, the human resources manager, training coordinator or manager. The declaration must mention your full name, the date(s) of the training, the training title(s) and number of training hours, as well as the complete and legible contact information of the qualified signatory.
- **3. Official transcripts** are required when you have graduated from a training program from a college, university, or other educational institution.
- 4. Unofficial transcripts are accepted for programs that have been partially completed.
  - The name of the institution, the student and the program must be documented on these transcripts.
  - **Please provide the internet link to the program** so that ICBOC can review the course descriptions. ICBOC might request from you a description of the courses completed.
- 5. Proof of Conference training attendance/completion If your training was completed in the context of a conference, please provide a certificate showing the title and hours for every session attended. Registration receipts, copy of conference program etc.... are not accepted as proof of attendance and completion.

## **Training Provided by External Providers**

## Applicant's name

- 1. Write in this column where/how the training was delivered i.e. In-house, university, college, conference, informal, online
- 2. Please check this column only if you are providing a certificate, employer's declaration/affidavit or transcripts in support of external trainings

3. Photocopy this pag	e ii you to list more trainings

Proficiency in interpreting assessment results			
Identifies signs of crisis during screening and assessment			L
Coordinates cross-cultural training of community and mainstream workers on screening issues related to Inuit clients			
Scores			
Total Score - Core Functions of a CICSM - this pa	age		1
Maximum Score - Core Functions of a CICSM - this pa		11	12

Care Planning	1	2	3	4
Develops, evaluates, and adjusts care/treatment plans as appropriate				
Knowledge of treatment approaches and long-range rehabilitation processes				
Translates assessment information into treatment plans with clear goals and outcomes				
Knowledge of the steps in the Evidence Based Process (EPB) and ability to use and promote				
effective, proven traditional practices				
Supports collaborative development of treatment plans based on screening and assessment				
findings and ensures that activities and resources reflect the client's needs, strengths, and goals.				
Knowledge of the SMART goal setting approach to care planning				
Ensures clients' plan of care promotes thinking and behaviors that encourage the clients' progress towards wellness.				
Collaborates with clients to integrate results of consultations or referrals in clients' treatment plans				
Guides clients' goal setting using client and family-focused discussions, motivational interviewing, or material that reflect Inuit values				
Knowledge of methods to assess client's progress toward treatment goals				
Provides training to community workers on culturally appropriate pre-care services, supports, and				
treatment planning.				
Promotes access to culturally safe detoxification services (addresses issues regarding coverage accessibility)				
Supportive Counselling	1	2	3	4
Establishes rapport and raise the self awareness of clients, prior to gaining their cooperation in				
initiatives aimed at learning and behavioural change				
Knowledge of counselling approaches that encourages clients to make links between attitudes,				
thoughts and behaviours that are healthy versus unhealthy				
Knowledge of Inuit approach to emotional supportive counselling (supporting a client through an emotional time in life)				
Demonstrates understanding of client's circumstances and ensuring they are motivated to change, are stable and grounded before they leave (by adopting a non-judgemental attitude, providing brief				
opportunities for emotional relief, offer reassurance and encouragement)				
Adapts and applies a range of evidence-informed counselling styles, techniques and methodologies				
that meet each client's unique needs and improve their overall well-being (individual, family counselling, group, vocational counselling)				
Uses a problem-solving approach to provide assistance and support that promotes the physical,				
emotional/psychological, social and spiritual health and wellbeing of individuals and their families				
Takes into consideration the effect of illness-induced behaviour, stress and disability on clients and family relationships				
Knowledge of counselling challenges like aggression and suicide ideation				
Support individuals in using harm reduction approaches until they are ready for, and accepted into,				
detox, treatment, and concurrent disorder programming				
Uses evidence-based principles and practices for creating motivation for change, respecting client's stage, pace, and place in the change process				
Provides clients with opportunities for motivated action and, where appropriate, offers ideas and				
suggest modified approaches to address specific issues				
Encourage and educate clients on the use of appropriate cultural practices				
Provides access to training in relapse prevention that is sensitive to the residential school legacy (historical or intergenerational trauma)				
Links clients involved with the justice system to cultural supports and counseling when available.				
Coordinates community efforts to ensure that referrals to specialized services respect the cultural practices of the clients

Program Management	1	2	3	4
Understands the difference between program management and project management				
Understands the community support program vision, mandate, and structure				1
Knowledge of culturally resonant program design, implementation, and evaluation				
Knowledge of the accountabilities, roles and responsibilities of program management (program policies, procedures, tools and performance requirements)				
Recognizes the importance of program plans and priorities				
Knows the value of implementing sound fiscal practices and controls				
Understand how to access, manage, and maximize all program resources including people, infrastructure, and funding				
Knows how to develop a project plan and administer projects within health programs				
Promotes the use of a client's language in service delivery				
Monitors the order and delivery of supplies, equipment, materials, and inventory for use in outreach activities (clothing donations, toiletries, printed brochures, condoms, or other basic needs)				
Ability to coordinate program/service delivery that includes cultural practices				
Ability to analyze current program delivery processes and to recommend improvements	1			
Ensures services and programs offer cultural supports and guidance	1			
Uses collaborative approaches to solving project issues that have program impacts				
Crisis Response	1	2	3	4
Understands the history of colonization and systemic racism in planning client (individual, family,			3	4
or community) engagement strategies for addressing crisis.				
Knowledge and understanding of what constitutes a crisis and ability to recognize a client in crisis				<u> </u>
Monitors the risk factors, signs and symptoms associated with suicide and other self-harms				
Recognizes when a client, family or community is in an unstable, risky, dangerous or potentially dangerous situation.				
Establishes a physically and emotionally safe environment for each client in crisis, based on that client's unique needs				
Develops and implements risk management plans with clients and their supports to prevent immediate harm				
$ Collaborates \ with \ clients \ and \ their \ families \ to \ assess \ and \ improve \ their \ coping \ skills \ in \ times \ of \ crisis $				
Affirms strengths and promotes capacity building at the individual, family, and community level				
Knowledge of principles guiding community crisis-related planning, prevention, response, and recovery				
Knowledge of culturally relevant and strength-based protocols to observe following a family or community traumatic event				
Networking	1	2	3	4
Establishes relationships with community members and community stakeholders in a collaborative and culturally sensitive fashion				
Networks with relevant organizations ranging from government to not-for-profit organizations and for-profit business, to advance community support and development activities				
Establishes and nurtures constructive relationships, based on shared needs and common areas of interest, with a broad range of internal and external services and supports,				
Uses networking relationships to enhance the range and efficiency of community support services				
Maintains contacts with people in other areas of the organization work or in different organizations, when this can lead to useful sources of information or resources.				
Attends meetings and social events to continually solidify and grow his/her network				
Accompanies senior staff in attending community events and meeting members of the community

Referrals 1 2					
Coordinates community efforts to ensure that referrals to specialized services respect the cultural					
practices of the clients					
Knowledge of the primary health care, mental health, or crisis response options for client referrals					
across the urban and/or Northern Inuit Nunanvat (hot lines, police services, ambulance, shelters, mental					
health, primary health care, detox treatment, social services)					
Knowledge of (and access to) community support sources, their eligibility requirements, treatment					
philosophies, administrative contact, and service procedures					
Values Inuit healing practices and cultural activities, while maintaining formal links to mainstream health or addiction services in a seamless manner					
Establishes and maintains relations with civic groups, agencies, other professionals, governmental					
entities, and the community at large to expand community referrals resources and help address					
unmet clients' needs					
Exchanges relevant information with the agency or professional(s) to whom the referral is being					
made in a manner consistent with confidentiality regulations and professional standards of care					
Knowledge of Inuit traditional counselling supports and services to support physical and mental					
wellness, including co-facilitation or leading programs and activities with Elders					
Commitment to support access to cultural services for all clients (pathfinding to link the individuals to					
supports and services)					
Differentiates between situations in which it is more appropriate for the client to self-refer to a					
resource and those in which counselor referral is required					
Continuously assesses and evaluates referral resources and outcomes to determine their					
appropriateness and effectiveness					
Familiarity with the philosophy and process of recognized and accepted self-help/support groups					
(AA, Al-Anon, Codependency Anonymous, Adult Children of Alcoholics, etc)					
Champions system-wide, cultural competency among specialized service providers	_	_	_	_	
Supervision	1	2	3	4	
Proficiency in the areas that are being supervised					
Knowledge of different supervisory styles (strengths and weaknesses) their respective impact on staff					
Knowledge of own supervisory style and relevance to/resonance with staff cultural diversity					
Creates an open, safe, encouraging supervisory environment that allows for the personal growth of					
supervisees, the development/refinement of their conceptual and technical competencies.					
Ability to relate to others in a positive, constructive, and effective manner					
Knowledge of the diverse roles a supervisor may play and capacity to play these roles as is relevant					
(coaching, facilitating, mentoring, sponsoring, modeling)					
Orients supervision activities that lead people toward meeting the organization's vision, mission,					
and goals					
Organizes resources, people, and activities and ensures collaboration and the achievement of					
project and function goals and targets					
Leverages diversity and inclusiveness by supporting activities that ensure all staff has an equal					
l apportunity to use and develop their skills and abilities and/or develop new skills					
opportunity to use and develop their skills and abilities and/or develop new skills					
Trains and develops staff, provides constructive performance feedback and appraisals, and takes					
Trains and develops staff, provides constructive performance feedback and appraisals, and takes appropriate corrective action to address performance and conduct issues

Leadership 1 2 3					
Recognizes the difference between leadership and management					
Knowledge of the different types and styles of leadership, their key characteristics, and values					
Uses a personal style of leadership based on Inuit cultural values	1				
Recognizes leadership challenges and determine solutions					
Knowledge of the basic steps in decision-making and problem-solving					
Knowledge of what accountability is and its impact on work performance and responsibilities	+				
towards employers and organisations (as a community support worker)					
Makes decisions after analyzing information from a wide range of sources					
Contributes to the development of program vision, mission, objectives, policies, and strategies					
Recognizes the role of Peer Support Workers to provide guided supportive counselling to	+				
individuals from an experiential lens and monitors their training and ethical boundaries					
Participates in interagency committees and professional associations to collaboratively achieve					
prevention and health promotion goals					
Establishes priorities for self and others					
Knowledge of the skills required to delegate and to ensure quality performance					
Advocacy	1	2	3	4	
Knowledge of the social, political, economic, and cultural barriers to the well-being of individuals					
and vulnerable groups					
Knowledge of the stakeholders, partners, allies and collaborators involved in local advocacy					
efforts related to gaps in services, activities and initiatives that affect individuals and families	<u> </u>				
Initiates discussion and advocates for clients with network partners, including publicly funded					
systems, to foster a culture-based vision that will reduce secondary harms					
Supports the provision of culturally sensitive and relevant services to individuals in places where					
those services do not exist (Inuit communities or hard to reach populations)	1				
Guides individuals so they may access available funding for culturally based programs, activities or prevention services across a range of health and social issues					
Supports the dignity, uniqueness and fair treatment of clients, their families and support					
network					
Supports and mentors' youth advocacy, aimed at health promotion and substance use prevention					
in the community					
Teamwork	1	2	3	4	
Involved in working in a community-centred and multi-disciplinary team					
Understands terminology, procedures, and roles of other disciplines in community support work					
Uses questions and information exchange as an effective means of fostering an open dialogue	1				
Credits individual contributions and acknowledges team accomplishments					
Summarizes and shares client's personal and cultural background, care plan, progress, and					
challenges to foster multidisciplinary quality of care, gain feedback, and plan necessary changes					
Establishes and maintains collaborating relationship with clients, family members, co-workers,					
and external colleagues					
Demonstrates respect and non-judgmental attitude toward clients in all contacts with community					
professionals and agencies.

#### **Personal Wellness Plan**

## **Circle of Life**

All **Certified Inuit Community Support Workers** will have a personal health and wellness plan. This plan is a continuous day-to-day action plan that maximizes the individual's potential in each quadrant of the Circle of Life.

Below is a list to assist you to develop your personal wellness plan. Use it each day, keep in mind that balance in your own life is your own responsibility that reflects your credibility.

"My Wisdom of Choice is my great gift received from the Creator. I draw on the teachings and wisdom of Elders whom I know and respect. Their insights provide the vision I need to discover my purpose."

Make changes, additions, or modifications to the list below, it's a guide designed to help you get started.

- 1. List what is necessary to remain balanced in each of your four quadrants.
- 2. Take time to consider the common feelings, actions and thoughts that support your total well being.

#### **Examples:**

#### a. Strengths

People skills, gentleness, sense of humor, insight, respect, vision, hopes and dreams, dedication, commitment, skills, experience, knowledge.

#### b. Spiritual

Traditional/cultural ceremonies, prayer, spiritual readings, meditation.

#### c. Emotional

Cultural practices, healing, work environment, adventure, rest and relaxation, feelings, virtues, beliefs, values, self-esteem.

#### d. Physical

Nutritious foods, exercise, clean body and environment, no-smoking, no-alcohol, no-drugs, safe sex.

#### e. Mental/Social/Cultural

Work life, school life, social and fun, financial knowledge, health knowledge, cultural practices. Nuclear and extended family, relationships, old and new friends, new information, self-expression, anger management.

#### **ICBOC CODE OF ETHICS**

This "Code of Ethics" that we choose to live by is built on the cultural integrity of traditional Inuit healing philosophy. Please sign and date it and submit it with your application. If you prefer or is more appropriate, you can submit the code of ethics applicable in your current place of work. However, this alternative code of ethics will only be accepted if it you ensure you submit it with your name, a date and your signature provided at the end of the document.

- Maintain a healthy lifestyle during your tenure as an Inuit Certified Community Support professional.
- Strive to incorporate spiritual teachings into your daily life.
- Take personal responsibility for continued growth through education, training, and a developmental wellness plan.
- Be dedicated to the concept that addictions are treatable, and the primary goal is to maintain recovery and wellness of all clients.
- Show a genuine interest in helping and serving persons and communities affected with health and social issues and be dedicated to the concept of wellness, recovery, and holistic healing.
- Honour cultural and traditional teachings that empower clients to choose a healthy lifestyle.
- Recognize the therapeutic value of humour.
- Accept and show respect for the diversity of all peoples and honour their race, colour, creed, age, sexual orientation, cultural/spiritual practices, and views.
- Respect the client by maintaining an objective professional relationship at all times. Avoid dual relationships at all times.
- Protect the confidentiality of all professionally acquired information. Disclosure of such information
  is done only when required or allowed by law to do so, or when clients have consented to disclosure.
  This includes all records, materials, and communications.
- Make a commitment to provide the highest quality of service possible. This is evidenced by continued professional interaction with clients and, where necessary, the utilization of other health professionals and/or services to assist and guide their recovery and wellness.
- Ensure the safety and welfare of clients by using Inuit values that guide them towards a greater sense of identity, belonging, empowerment, resilience, and wellbeing.
- Assess personal and vocational strengths, limitations, biases, and effectiveness and be willing to recognize when it is in clients' best interest to refer or release them to other individuals and/or support programs.
- Be respectful of, work within, and strive to improve institutional policies and management functions.
- Respect all policies, codes of ethics, code of conduct, and any other clause, regulation, stipulation in effect in your place of work and that you are responsible to apply in your personal and/or professional life.
- Ensure the safety and welfare of clients by respecting all applicable federal and/or provincial laws of Canada regarding criminal records checks.
